SKILLS

Javascript
Typescript
React JS
Next JS
React Native/Expo
Redux/Toolkit
HTML
CSS/SASS
Node
Express
Nest
SQL
AWS
GCP
Docker
Vite
Web3
Blockchain
Jest
Cypress
Python

EDUCATION

National Polytechnic University of Armenia

Bachelor's degree

2021-Current

Electronics Engineering

LANGUAGES

Armenian (C2 - Native)

Russian (B2 - upper intermediate)

English (B2 - upper intermediate)

VOLUNTEERING

Team Challenge

Mentor | Team Lead

Dec 2023 - Jun 2024

PROFILE

With a strong commitment to professional growth and continuous learning, I have dedicated 3 years to software development, actively seeking opportunities to expand my knowledge in emerging technologies and industry trends. Collaborating closely with colleagues, I share experiences and insights to collectively enhance our team's skills. This collaborative effort is fueled by a persistent drive to overcome challenges and achieve goals, ensuring continuous improvement and innovation in our projects.

WORK EXPERIENCE

Software Developer

Solicy

2023 Mar - 2024 Jul

- Expertise in JavaScript technologies: Played a pivotal role in front and backend development, contributing to the creation of robust and user-friendly apps.
- Experience in web3 blockchain KYC and Fintech applications: Ensured robustness, security, and user-friendliness in these high-stakes projects.
- DevOps and Cloud Solutions: Managed Docker-based deployments on GCP and AWS, ensuring seamless, reliable continuous delivery.
- Optimization of existing applications: Led efforts to identify and resolve performance bottlenecks, enhancing user experience and scalability.
- Data Visualization: Created compelling charts and graphs to visualize complex data patterns, enhancing insights and decision-making processes.

Frontend Developer

Boomtech

2022 Jan - 2023 Mar

- Product Development with React JS: Implemented responsive design and accessibility standards, ensuring product compatibility across devices.
- Agile Collaboration: Embraced Agile methodologies, participating in sprint planning for efficient team collaboration at Boomtech.
- State Management Efficiency: Utilized Redux for seamless data flow and enhanced scalability in managing application state with React JS.
- Remote Integration Success: Despite remote work, integrated seamlessly into Boomtech's team, fostering strong professional connections and collaboration.
- Professional Growth: Engaged with seasoned colleagues, accelerating technical acumen and shaping career trajectory at Boomtech.

React Developer

Pena

2021 June - 2022 Jan

- React and React Native Developer: Developed and maintained applications using React and React Native at Pena startup.
- Testing Tools Expertise: Utilized Jest for comprehensive testing to ensure code quality and reliability in application development.
- Mobile Deployment Specialist: Managed deployment processes for mobile applications, ensuring smooth releases and platform compatibility.
- Process Improvement: Contributed to optimizing development workflows and implementing best practices for efficient project execution.
- Learning from Professionals: Benefited significantly from mentoring by seasoned professionals, gaining practical insights and technical skills.
